Dr. Ronald J. Fijalkowski
Director of Sports Biomechanics
Epic Sports Biomechanics, LLC
98 Walker Lane
Newtown, PA 18940

Dear Dr. Fijalkowski,

I am writing to express my interest in the opening for performance specialist. I believe my education and research experience matches the requirements for this position.

I have 3 years of experience in analysis of human gait and posture from the signals collected from wearable sensors in biomechanics lab at SUNY at Buffalo. As a research assistant, I used statistical and machine learning techniques along with signal processing methods to investigate fatigue and risky movements in industrial workers.

I would welcome the opportunity to speak with you if you feel I would be a strong candidate for this or any position in your organization.

Best Regards,
Saeb Ragani
